Headteacher: Mrs Samantha Dimbleby BA (Hons)

Dear Parents and Carers,

Maths Information Session: Addition and Subtraction

We are pleased to invite you to our Maths Information Session: Addition and Subtraction, which will take place at 9:00am on Tuesday 9th June.

The session will last approximately one hour and will provide an overview of how addition and subtraction are taught across Years 1 to 6 in our school. We will explore the methods and strategies used at different stages of learning, helping you to understand the progression of mathematical skills as children move through the school.

During the session, we will also look at the development of the key vocabulary associated with addition and subtraction, enabling you to better support your child's learning at home.

This is a valuable opportunity to gain insight into our approach to teaching mathematics, ask questions, and see how mathematical understanding is built over time.

We look forward to welcoming you and sharing how we support children in developing confidence and fluency in mathematics.

Date: Tuesday 9th June

Time: 9:00am

Duration: Approximately 1 hour

Location: Year 6 classroom

Kind regards,

Mr. McConnell

Maths Lead & Year 6 Teacher
